

Dietician, Mental Health Program (Nassau County & Suffolk County, NY)

The Dietician provides training and assistance to residents of the supportive housing program to help them attain and maintain optimal physical health by managing their individual dietary and medical needs.

Responsibilities

- Provide dietary services in accordance with state and federal guidelines.
- Develop nutrition plans and implement intervention based on knowledge of clients' current health.
- Complete quarterly assessments of clients and adapt nutrition plans as needed.
- Implement personalized, age specific, and culturally appropriate nutrition strategies.
- Deliver client nutrition recommendations to staff and providers.
- Provide nutrition education and related groups.
- Coordinate with local nutrition resources to link clients to additional healthy living services.
- Provide clients with education, assistance, and linkages to affordable food resources.
- Collaboration with supervisor and support positions to identify cohesive wellness plans for shared clients.
- Write progress notes.
- Other responsibilities as deemed appropriate by management.

Qualifications and Requirements

- A Bachelor's degree in Nutrition, Dietetics, or a related field.
- Must have at least two years of related experience.
- Experience working with individuals with mental illness preferred.
- Must have excellent interpersonal skills, strong problem solving, project management, and organizational skills.
- Must be a registered Dietician.
- A valid driver's license, access to a car, and safe driving record are required.
- Must maintain valid First Aid/CPR and Narcan certification.
